2	My education experience at Canada College fine tuned by abilities to remain focused on obtaining my goals. Applying both hard work along with self initiative enabled me to reach my goals. Several of my professors: Mr. Legge, Mr. Swanson, Mrs. Sheofsky, Mr. Respini, and Mrs. Whitley-Putz were instrumental in providing me the direction necessary to reach my goals. Canada needs more instructors like them.	12/26/2013 8:11 PM
3	The quality of help provided from each counselor differs greatly. There needs to be high standards that need to be met. Personally I had a few very bad experiences with counselors.	12/17/2013 1:06 AM
4	The science department was the most educational field that I was in. My favorite part in the science classes was that we had a lab class and a lecture class. I am more of a hands on person so this field was definitely the right passage for me.	12/14/2013 10:43 AM
5	Have completed other general education courses at nearby community colleges, and the best instructors have been the ones at Cañada. Torok Goines, R. Lee, Hirzel, and Radu Toma. The library staff are excellent. Parking is ample. Food court area is welcoming.	12/10/2013 6:57 PM

7	I earning a degree in Humanities as well as Multimedia. I feel I have had a lot of knowledge before attending Canada, but I have received great education from every teacher I have had. I will say, personally the admission office is lacking knowledge for the higher educated students, and countless times were not at all helpful to me with very simple questions I had. This is extremely frustrating when speaking to someone in the admin office welcome desk and I, the student, know more than them. Canada needs to properly train everyone in the offices. and I have only had one good counselor, which was, Gloria Darafshi, she is amazing and I understood all the guidance she provided. Lastly, the financial aid desk finally has helped me with all my needs, but I had to poor service and had to question everything. When I would see a Spanish speaking students being attended to better than me, as if it was the offices priority. Very frustrating. Of all, all the years I have attended has been a pleasure on campus, and seeing familiar faces in the faculty. I will always speak good things about the education I have received. and wam new students, not to get discouraged in the offices. thank you.	12/10/2013 12:17 PM
8	I am thankful for all the resources I was given here. The tutors and staff support were very helpful.	12/10/2013 11:07 AM
9	great experience!	12/10/2013 10:17 AM
10	I am so grateful for the opportunity to study at Cañada; until recently, my situation didn't allow me to extend my study beyond a community college, but Cañada always kept its doors open. I was able to continue my education and earn multiple associate degrees in my years here.	12/10/2013 10:07 AM
