83 I love the campus size, and everyone is super helpful and friendly. You feel encouragement and a sense of "you can do it". its not big and confusing like the sister campuses and the faculty are not rude like the others.  
84 Everyone is helpful, and want to see you succeed. The campus is very calming and a great place to study.  
85 Counselors are such motivators to students.  
86 Cañada College has been the best experience for me. I really enjoy all of my teachers, the faculty, and me peers. Everyone is very approachable and informative. I feel Cañada is like a second home! I feel very comfortable and welcomed.  
87 It has served me well. I don't have experience with night classes there, but my day classes have been good.

96 Canada College is an educational facility that excells in providing the best tools to students to achieve their educational goals.  
97 I have gotten an amazing education and had no issues getting classes. I liked all my teachers and I feel prepared to transfer or enter the work force.  
98 Is a lack community where just those that came with any recomendation ( sure sub rosa) has success or gets help, other just we staffed  
99 I was easily able to get my classes that I could not get in Southern California.  
100 Canada College is a great place to learn

 119 good environment and mostly good professors  
 120 easy to get into classes. Not as crowded as other campuses. Good level of education  
 121 great community  
 122 We have great teachers but there are some that really need to learn to be a teacher to the students and not a friend.  
 123 The faculty and students are much more enthusiastic and approachable than at the last college I attended.  
 124 The science teachers are awful and I wasted too much money .. They all just want to get paid and don't care about the success of their students  
 125 The environment is relax and gives you a sense of how to learn.  
 126 It's very peaceful  
 127 It is more than efficient in helping you to grow mentally, physically, and educationally.  
 128 Because it has classes with different schedule that every one can take no matter if people have job .  
 129 I wouldn't  
 130 because have different options for all persons  
 131 I wouldn't recommend the counselors there. It's been a journey for me to actually have help with anyone there. also, 30min, with a counselor is not enough time  
 they should be extended for at least 45 min.  
 132 Wonderful location, very clean! No smoking is important  
 133 great community and small that you know where everything is.  
 134 I love it here. After transferring from CCSF I find the students helpful and the environment very fulfilling.

 140 If they were instructed in a STEM field or a 1st gen. student  
 141 Great Overall  
 142 Beautiful campus and encouraging learning environment along with excellent teachers who are extremely knowledgeable about the topics they teach  
 143 They should strive for a University.  
 144 Canada provides education needs for anyone either looking to transfer, or just those who want to learn and better themselves.  
 145 For middle college program.  
 146 Yes if they are looking just to go to class and leave. If they are looking for new friends and a place to hang out between or after colleges I would suggest no.  
 147 it has a great program and they are very helpful  
 148 Good classes, great teachers!  
 149 Is a magisterial community that protects just those that are recommended by some body that works on county offices. and if you don't have influences or some  
 gossip runs about one's, even the magisterial follow based on emotions instead  
 150 Best decision ever to come here  
 151 I like it there  
 152 Excellent support for math, science and all subjects!  
 153 I've recommended Canada to three of my siblings which all attended Canada.

 156 I already have!  
 157 I have already told and tell both how great Canada is!  
 158 I do all the time  
 159 beautiful campus and wonderful admin staff  
 160 The emphasis on STEM majors is what drew me to Canada College in the first place.  
 161 Kind staff guide you through a difficult process  
 162 Canada college has been a really helpful and nice campus to me, besides having the pre-requirements for my career, they offer me a lot of financial and educational help to succeed and approach my goals.  
 163 With the exception of Dr. Sondra Saterfield. I would advise against taking any of her courses. She is awful and lost her drive to teach and does not meet the level of Canada College  
 164 I would recommend this college to anyone because all the staff and people are friendly as well as helpful.  
 165 I would recommend Canada College because everybody is very helpful though i have jump into a couple of people that they are not willing to help you more than their expectations of work  
 166 I think Cañada accommodates students with a variety of goals and helps to prepare them, provides good resources, and overall has a great teaching staff.  
  
 167 over a 4 year university due to cost, relative to location  
 168 Great for post-bac/continuing ed classes! Gorgeous campus, friendly environment. By far the best of the SMCCD  
 169 I think Cañada is a great school. It's a small campus and very easy to navigate in terms of courses.  
 170 For the most part, I have had a great experience at Canada College. It is a good environment to learn and grow. Also to meet new people. All the tools are here.

 172 Absolutely!  
 173 Not challenged enough and not many people my age in my classes

 175 It's a great environment  
 176 Love the environment of the school very positive  
 177 Yes it's a nice College setting, not to big and over whelming.  
 178 It's a small school so it's easier for the teachers to work with you more directly  
 179 Its a good place to start as you can always transfer to a 4 year.  
 180 It's a good college to get back into school  
 181 Outstanding staff, nice campus with views  
 182 Yes, because of the overall environment  
 183 Most of my friends are of military background and canada is not a yellow ribbon school. It is expensive for those out of state transfers who have served their country and yet free to some who contribute nothing back to society. Seems unethical to me.  
 184 It's a good school  
 185 Has a fairly large number of classes in a variety of multimedia classes  
 186 This CIS Instruction is terrible, so if this is a gauge for the rest of the school, then I could not recommend it.  
 187 Because most classes require textbooks that can only be found at Canada.  
 188 because is supportive.  
 189 exelent college  
 190 I mentor a young leader of a single mother's cohort and I am recommending she and her cohort to take advantage of the College for Working Adults program at Canada.  
 191 The college helps create a path to reach a short/long term educational goal, with the most effectiveness.

192 Great friendly campus!  
 193 ii have recommended the college  
 194 It's a very studious environment, and since it is a relatively small campus, you feel really comfortable with your surroundings i.e familiar faces and knowing where everything is.  
 195 Instructor Jett Chinn for BILD 250 is too difficult, hard, and expects us to learn too much too soon.  
 196 Nice school  
 197 Yes I would  
 198 But NOT on-line classes at Canada  
 199 I would recommend Canada to my family or friends because the campus atmosphere is very positive with so many people willing to help you succeed your goals.  
  
 200 I would recommend Canada because of small class sizes, and it is a friendly environment.  
 201 The teachers and the environment are good  
 202 Yes I would because it's close, it's safe and the teachers really care about their students  
 203 I have had nothing but positive experience with staff and school  
 204 Yes because of the quality of courses and progress able to achieve. No because I personally do not feel very welcome or safe on campus, and also no because I disagree with some requirements.  
 205 I've experienced two other community colleges in the past and by far all three campuses are exceptional and thus I have recommended any of the three campuses.  
  
 206 Because the teachers are very smart and helpful. It is their passion that gets me to want to learn more. A great college to get the ge reruirements to transfer  
  
 207 Indeed! They offer great help and recommendations and quality education.  
 208 Good variety of classes and different times.  
 209 Good value  
 210 It's a great school!  
 211 Good environment, friendly people, great professor and counselors  
 212 Very supporting and almost everything is offered here  
 213 Because is a great place where you can succeed to achieve your goal  
 214 it is well rounded and helps everyone  
 215 Really good environment and has a beautiful view  
 216 the classes are good  
 217 I'd recommend high school students to take classes here first before transferring to a 4 year school.  
 218 It offers a lot for being a community college. All the professors that I have taken have been very approachable and they also enjoy what they teach and so they teach it well. I can also ask them questions during their office hours and they are always avaiable during that time. There are also many great programs for the diverse population at Cañada and since it is a small school, there are always people to study with. I also like the tutoring at the Learning and STEM Center, it is really helpful.  
 219 Yes! The campus is so beautiful, the teachers are great, and the library is nice.  
 220 Is the best  
 221 professors are awesome  
 222 Its a great school  
 223 its a nice small college beautiful too I like it.

 226 Welcoming

227 Depends  
228 ECE I have recommended numerous times  
229 But this college needs more teachers that actually want to teach and not just make us read out of the book or rush through the course or make us learn the course since the teacher doesn't want to put in the effort to etcher because we don't pay for school to teach ourselves, that's what teachers are for.  
230 Easy to get into a class, nice, clean campus, and very diverse.  
231 The staff and teachers are really helpful.  
232 it's a good school  
233 its a nice campus with lots of amenities, and the programs are well funded  
234 The school has a warm atmosphere that allows one to comfortably learn and navigate through the school.

240 Great resources.  
241 Nice campus  
242 yes good teachers  
243 because of the great programs  
244 Yes. It was fairly easy to get the courses online, and I did everything online from financial aid to selecting courses. The counselors were very helpful and so far I enjoy my classes and the professors are knowledgeable and helpful.  
245 Great environment, instructors and students seem happy there.  
246 I have recommended family and friends to attend Canada but I also let them know how to go about using Canada to best suit them.  
247 Students and Staff are friendly and knowledgeable.  
248 Because I feel that Canada College has very good carees to pick from and a great support for students "Our Learning Center".  
249 I have had an amazing experience at Canada and often tell people that they should look into the calsses offered there.  
250 Overall, it is pretty good  
251 Accessibility is easy and a broad variety of classes  
252 In comparing Cañada College's fashion department with other two your programs--public & pravate in California--Cañada is second to none!  
253 Great student support system in place.

The environment is very comfortable.The students and teachers are mature. The provide a lot of oppoturnities to students who are struggling with income or have low income. They have many programs.

 287 It is a very calm place, good class courses  
 288 because its easy to get a book or ordered it.  
 289 Depending on the subject of interest  
 290 excellent value for quality of education and continued expansion  
 291 I preferred it to Foothill, which is the other junior college option.  
 292 Canada college has such a positive and calming learning environment.  
 293 I really love Canada College, my son was transfering of there and I am taking classes at.  
 294 I already tell people how great canada is

 302 Canada College is excellent for all  
 303 great teachers  
 304 Canada is really as small structure and might not be enough for those who have a lot of ambition as my relatives do.  
 305 Canada is a special school Teachers for the most part are caring and go the extra mile. It is a gem.  
 306 The campus is nice, and the teachers are helpful and friendly.

314 Great school  
315 Really great support  
316 Especially the College for Working Adults program  
317 I got into my top choice university after two years at Canada, so I would recommend a friend to consider taking classes here if they are unsure what to do straight out of high school  
318 This campus is very friendly. We feel comfortable when we get help from the office, librarians, professors, and friends. We feel like we are in a big family.  
319 It is easy to get information to accomplish what we want to do for career.  
320 Smaller college, smaller class sizes  
321 The campus is nice and allows students to feel comfortable during their studies  
322 It can be a bit confusing to a new student but once you get the hang of it it's great.

344 the best things of canada college comparing with others college is that students have more access to get help  
345 It is overall a good place to grow, learn, and make memories.  
346 Canada College is a good school, but I feel like I am still in high school. The teachers have very good teaching skills but they should be pushing students more to finish and complete their work adequately. They should also know how to get the respect that they deserve from students.  
347 The resources available to all types of students is excellent!  
348 because is cheaper than univercity  
349 There is the only one who admited undocumented students

 366 School's environment is neat and clean. Easy access to freeway or local areas.  
 367 Best college I've attended so far!  
 368 Cañada College has made the transition form high school quite easy. One thing that really points out to me is the Learning Center. They are so welcoming and helpful. They provide tutoring services to any area of subjects students need.  
 369 Canada shows it's prior knowledge from admin to teachers counselor ect.  
 370 I've been to 3 different colleges and this one has given me more knowledge about careers and life after school  
 371 But I would explain prior that Canada College is more difficult in terms of grading, lecture, class materials, etc compared to College of San Mateo. I would ask them if they are prepared for the challenge first,  
 372 Canada College has a small, beautiful campus and a good STEM program.  
 373 There are many classes that you can take that satisfy the requirements of most degrees and the professors and counselors are helpful.  
 374 is a great small campus whew you can transfer out of to a university  
 375 I have studied at Canada College for 4 years, in general the attention is escellent.  
 376 I would recommend Canda to a family member or friend because it has a small beautiful campus with mostly great instructors and the counseling department has some great counselors who will be sure that student succeed and complete their academic goals at canada.

393 Absolutely. Great school and easy to get classes

394 I was the second person in my family to come to Cañada and since then I have encouraged two siblings, and a couple friends to come back to school.

395 Staff and faculty attitudes have improved and are friendlier and more helpful

396 Overall it is a great opportunity for anyone.

397 Because is a great college and you can find all the help you need to succed in college

398 good help and resources

399 Canada has the classes needed to advance, to the next level.

400 beautiful campus, great teachers

401 It's a great school with great professors and an awesome campus.

402 I find the college to be one of the more diverse campuses within the SMCCCD

403 I had a bad experience with some people at admissions. They Always look like they are having a bad day and we the students are bothering them.

404 Not for sports

405 IT depends on what they were looking for. I've found it to be very reasonably priced but so far I'm not impressed by the quality of instruction.

406 Classes are easy to get and in coming freshman have more time to decide on a major.

407 The counselors are very friendly and easy to talk to.

408 because its a excellent place to study.

409 I have recommended classes to my co-workers.

410 The small campus makes everything easier

411 I always tell people how much I love Canada

412 My friends and family are already attending this college.

413 i came here to play baseball but i really like how everyone is so helpful

414 good quality and value

415 for someone who didn't want to go to community college, you've made the experience extremely welcoming for me

416 It's a beautiful campus, compared to Skyline or CSM, and it's most inviting for academics.

417 I do not like the international programs

418 community college prices mixed with great edu!!

419 Depending on what their major is, and their financial situation.

420 The college is a great place to square away Associate Degree requirements and transfer courses, and above all else to engage in an intellectually stimulating and challenging learning experience. I would highly recommend the school to friends and family.

421 Great environment to be in and very resourceful.

422 Is a great place to study

423 I love Canada!

424 Nice college

425 It's a great school

426 It offers a wide range of classes for a number of careers.

427 Even thought some teachers don't do their work right or they don't even have the motivation to be a teacher I would recommend canada but I would not recommend some instructors

428 It's a good school to start out if one does not desire going to a 4-year university immediately.

429 the school is efficient for AA

430 Cañada has lots of good programs that help student succeed.

431 I have recommended canada to friends
