BENCHMARK

“CHANGE BENCHMARK

- > What have you learnt from **attending ASCC weekly Board meetings?**
 - > The very first thing I learnt was the way of speaking during the meeting (like motion, second...)
 - > Your opinion and vote is meaningful to the result (and can actually change it)
- > What have you learnt from **attending campus or district committee meetings?**
 - > Only attended 1 of them. But I found it's not as serious as I thought. But your opinion will be treated seriously.

Leadership Benchmark

What did you learn
from a conference
or retreat you
attended?

**-I was not a member of ASCC when I went to the retreat training. So first I felt is that you guys are friendly people.
-I found that with a team and with encouragement, you can do lots of thing which you will never do alone.**

Community Benchmark

What did you learn
from planning an
on campus event?

I co-chaired Summer Like It Hot with Moody and Fatin. I've never plan campus events before. So these two, Misha, and Claire were taking care of almost everything. And I just attended the meeting. But I do learn a lots from listening.

FINAL WORDS & CONCLUSION

Overall, what was your
experience this year and how
did you grow?

I just became a senator this April (just a little more than a month!). But this month plus the time I attend meetings. I learnt how to express myself. I learnt to listen to others and to express myself. I sometimes would think my questions were not connected with the topic, therefore didn't ask them. Now I learnt that it's okay to ask whatever you want to know about the topic. Because what you want to can also help others to understand the topic.
I really learnt the progress of discussion making.
