The Library Skills Workshops include APA and Research Strategies. The Research Strategies workshop addresses solutions to common issues undergraduate researchers face such as:

- good vs. bad resources
- what kind of information do I need?
- how do I start a research project?
- how do I find academic resources?

The APA workshop addresses:

- what is APA?
- how to cite using APA style
- what is a DOI?

Please address any questions regarding the workshop to Diana Tedone at [tedoned@smccd.edu](mailto:tedoned@smccd.edu) prior to workshop attendance or contact the University Center at 650-306-3177.
