

Earth Science SLO to ILO Alignment(No Results)_February 2017

CAN Institutional SLOs

Select, evaluate, and use information to investigate a point of view, support a conclusion, or engage in problem solving.

CAN Dept - Earth Science

CAN GEOL 101: Geology Laboratory

identification of rocks and minerals: Using an identification key, handlens, hardness samples, and acid, students will be able to identify and determine the probable mode of origin of common rocks and minerals.

Produce, combine, or synthesize ideas in creative ways within or across disciplines.

There are no Results for this SLO

Use language to effectively convey an idea or a set of facts, including the accurate use of source material and evidence according to institutional and discipline standards.

There are no Results for this SLO

Understand and interpret various points of view that emerge from a diverse world of peoples and cultures.

There are no Results for this SLO

Represent complex data in various mathematical forms (e.g., equations, graphs, diagrams, tables, and words) and analyze these data to draw appropriate conclusions.

CAN Dept - Earth Science

CAN OCEN 101 : Oceanography Lab/Field Study

Chart and map skills: Students will read and analyze maps and nautical charts to obtain oceanographic data.
