-----	----

If you answered no, skip to question 20.

19a. Job placement rates for students completing certificate programs and CTE (career-technical education) degrees for last three years available data:

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2022-23 job placement rate will be the number of students who completed the program in 2021-22.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2021-22, you do not need to report a job placement rate for 2022-23. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition – but please describe your definition and methodology in Question 19.

20. Please use the text box below to provide any comments or context regarding the data submitted in this report (optional, no word limit):

21. Reflecting on your Institution's student achievement(s), what efforts/initiatives/competencies have you found to be fundamental in supporting the recent successes you've observed/reported? Please describe any innovations and improvements along with a brief narrative of how it was achieved.

The San Mateo County Community Colleges launched a "free college" initiative which may explain a good portion of our enrollment increases. This was State Law (SB 893) which allowed us to use General Funds to pay student fees if the student meets certain criteria (lives in the County, is degree or certificate seeking, etc).

22. What professional development can the Commission coordinate to support your Institution in achieving its student success goals within the next three-year cycle?

There are many existing professional development opportunities in which college faculty, staff, and administrators participate.

23. Please confirm you have reviewed your institution's program listing in the Accreditation Platform. In the box below, please select one of the following.

- I reviewed the program listings and all of my institution's programs are correctly listed
- I have found some errors and will be reaching out to ACCJC for next steps on updating
