<b>Project Name:</b>	CAN B1N Kinesiology and Wellness Center		
	Lot 4 Work Update - Intermittent Loop Road Lane Closure		
<b>Project Description:</b>	<p>The contractor will be intermittently closing off a section of the Loop Road across from Lot 4 on Saturday, June 22, 2019, starting from 6 am to about 4 pm.</p> <p>The intermittent closures will last about 30 minutes to move chilled water pipes across the road from Lot 4 to the B1 construction site. Once the material has been safely placed and equipment out of the road, the lanes will be re-opened for traffic flow. This cycle will repeat throughout the day. Access to emergency vehicles will remain available.</p> <p>Pedestrian access along this section of the Loop Road will remain available for the duration of the work.</p> <p>Vehicular access during these intermittent ~30 minute road closures will be restricted. The contractor will have traffic control, delineators, signage and flagmen in place to safely direct traffic.</p> <p>As always, please proceed with caution around construction sites. We apologize for any inconvenience that this may cause. Thank you for your patience.</p>
