

Ready. Set. Design.

Accelerating Guided Pathways to the Next Level

Guided Pathways (GP) efforts are underway in every community college in California. In support of these efforts, the California Community Colleges Chancellor's Office and its partners are offering GP workshops in every region of the state over the next year. Workshop participants will:

Learn ways to increase data literacy and usage, individually and collectively.

Learn new and strengthen existing decision-making structures.

Increase access to colleagues and resources, especially in your own region, that support my colleges' GP efforts.

Learn how GP meta major clustering and program mapping are essential to GP design.

WORKSHOP DATES

College teams are encouraged to register for a workshop in their region. Click the date below for registration and details..

February 4

Los Angeles and South Central Coast Region
Burbank, Marriott Los Angeles Burbank Airport

February 15

San Diego/Imperial Region
San Diego, DoubleTree Mission Valley

March 11

Inland Empire/Desert Region
Riverside, Marriott Riverside

April 8

North/Far North Region
Sacramento, Hilton Sacramento Arden West

WHO SHOULD ATTEND?

Design teams or steering committees from colleges within the region. These teams may be made up of cross-functional groups of the following folks. If these individuals are not available, campuses should consider sending diverse groups of folks who are engaged in the GP work at some level and have expressed interest for further engagement.

- CEOs, CSSOs, CIOs
- Deans, Middle-level
- Instructional Leaders
- Student Services
- Deans/Counselors
- Researchers
- Academic Senate Member(s)
- Faculty
- Classified Professionals
- Career Technical
- Professionals
- Students

WANT MORE? VISIT THE VISION RESOURCE CENTER

The Vision Resource Center provides a digital space for colleges and colleagues to connect, collaborate, and access helpful resources to support Guided Pathways implementation: visionresourcecenter.cccco.edu
