Lesson learned from Skyline, don't lose focus off of students during Guided Pathways implementation.</p> <p><b>Announcements</b></p> <ul style="list-style-type: none"> <li><b>GP Workshop in Sacramento:</b> Monday, April 8<sup>th</sup> – Flyer can be accessed on Canada GP Website.</li> <li><b>CIETL GP Session @ TBD:</b> Feb 13<sup>th</sup> 1p – 3p – Will not be held at Canada Vista. Location TBD. Focus on Meta Major sorting strategies as well as to solicit further participation. Encourage Classified Staff to participate in the process. Front line staff know the questions students have regarding making academic decisions.</li> <li><b>GP Session:</b> Flex Day March 6, 2019: Recommended focus – FYE. Students stated a need for building community (such as FYE). Participants would be able to envision how FYE would look like at Canada (which could lead to the start of the sorting process).</li> <li><b>Jan 24<sup>th</sup> Academic Senate meeting</b> – Hyla will be sharing Guided Pathway information from ASCCC Plenary.</li> </ul> <p><b>Debrief</b></p> <ul style="list-style-type: none"> <li><b>Dec. 6<sup>th</sup> Skyline Presentation at Senate:</b> Excellent turnout and presentation. Showed graphic that illustrated degrees/programs which are closely linked (see attached image). Skyline shared experiences with the group (see slides in Resource page on GP Website). Helpful to hear about the process and lessons learned. Key takeaways – Guided Pathways won't be planned perfectly the first time. We should constantly ask ourselves: <i>How does this idea/action improve student success and how do we know?</i> And use that as a tool to assess our progress. Received a lot of good feedback on our process. Skyline has offered to provide ongoing support. Skyline engaged in interactive experiences to obtain student perspectives and, to be a resource.</li> <li><b>Flex Day:</b> Takeaways- During the activity many started using the course catalog while others were using their smart phones which led to the perspective that our approach is not the same as a student's approach. College of the Canyons has developed an app which is user friendly (<a href="https://www.hometownstation.com/santa-clarita-news/education/college-of-the-canyons/college-of-the-canyons-releases-new-mobile-app-262629">https://www.hometownstation.com/santa-clarita-news/education/college-of-the-canyons/college-of-the-canyons-releases-new-mobile-app-262629</a>). Another takeaway – participants felt good about the experience. Felt that a 'road map' of courses would definitely be useful – (A-Ha moment). CE is</li> </ul>
