Reports from Other Work Groups (15-30 minutes)	<p>Redesign Academic Support & FYE Workgroup</p> <ul style="list-style-type: none"> • None were able to attend. No updates. • There were concerns that the college hour proposal would not be successful given the fewer numbers of afternoon students. • The college hour proposal could also reduce the number of students taking afternoon classes. <p>Early College Experiences Workgroup</p> <ul style="list-style-type: none"> • Interested individuals to attend. <p>Interest Areas and Program Maps Workgroup</p> <ul style="list-style-type: none"> • Education faculty expressed reservation with the six interest area model that grouped Education with the Language Arts. A new six interest area model was drafted at the October 29th meeting that grouped Education with Psychology and Sociology. This model was not well-received by most of the Social Science faculty. Tomorrow at the November 5th Steering Committee, there will be a vote on the final draft of the Interest Areas. • Mayra: looking at Interest Areas from the perspective of CCApply. She suggests having Education in one of the names of the Interest Area. Mayra said she has seen multiple students struggle finding Education in the CCApply list. <ul style="list-style-type: none"> ○ Mayra estimates that 80% of students that Outreach helps are undecided. For this reason, she likes the idea of having an Explorer Interest Area on CCApply, similar to what Skyline College plans on doing. ○ Moving forward, need to monitor how students use the Interest Area tool to monitor for any consistent confusions. Student Outreach events seem like the best place to get this feedback because we can directly observe students use the tool. ○ Mayra: would it be possible to capture data about the Interest Area model at my upcoming student outreach events?

	<ul style="list-style-type: none"> • Margie: it might be possible to have the CCapply/application to have an Explorer option. We should confirm what Skyline plan to address/mitigate this issue. • Ruth: we have discussed changing “major” to “programs of study.” Where will this change in verbiage appear for students? Will this change confuse students? Would it make sense to stick with “major” if that’s the term that is more familiar to students? Is this terminology changing at other colleges? <p>Online Education</p> <ul style="list-style-type: none"> • <p>Career Exploration & Job Placement</p> <ul style="list-style-type: none"> • Nearing completion of official draft for the career exploration tool.
