II. Hiring Lists

been contacted. A web page will be created to hold documents involved in the report. Proposed that this planning document should be circulated with the Cañada Senates (Academic, Classified, Students) and the Planning Councils (IPC, SSPC) for their review.

A motion was made and second to begin the process for our Direction of Planning, Research, and Student Success to begin the planning process for our College’s Mid-Term Report which is due in October 2010. All members agreed by consensus.

Academic Senate President Martin Partlan informed those present that this was the first year the new process for hiring full-time tenure track faculty was used and the first time in many years that the hiring process has been so open and transparent. Noted that the benefits from the new process were the phases of meetings conducted involving dialog and discussion beginning with the department/divisions, IPC/SSPC, the Academic Senate, and finally today with College Planning Council. The timeline created for this process was challenging and suggested that the next time we go through this process that more time be allowed for the justifications and for the college to deliberate.

The ranking from the Academic Senate included Counselor as #1 and Speech as #2. Unranked but in the Top 4 were History and EOPS Counselor. It was impressed that all justifications were valued. Other ideas/data were presented focusing on the hiring needs of our College.

Vice President Perkins reported the she had recluse herself from the Joint IPC/SSPC meeting and reiterated that the criteria considered with the faculty position justifications included our college’s mission/vision, keeping pathways clear for students, building on what we have, looking at our needs, and data (FTE, FTES, LOAD by Division/Discipline).

Margie Carrington, Interim Dean of Student Services, gave a brief overview of the Joint IPC/SSPC meeting. The ranking from the Joint IPC/SSPC meeting included Counselor #1, Chemistry #2, History #3, and EOPS #4.

A two minute statement as to why their program was of a critical need was given by:

- Michael Stanford, History Department
- Jeanette Medina, Chemistry Department
- Eliazer Ayala-Austin, Director of EOPS
- Kathy Sammut, Counseling Department
- Jennifer Castello, Interim Dean of Humanities, for the Speech Department

Sarah Perkins, Vice President of Instruction
Martin Partlan, Academic Senate President
During this time, ASCC Senator and newly elected President Darnell Spellman, asked where the funding for faculty was coming from and proposed that we look at using these funds to assist with student book vouchers, and current programs and faculty that are already at the College. It was noted that the funds proposed to hire faculty were currently in place and from faculty retirements. The College is trying to keep the same number of faculty positions. A brief review was given to everyone of the process followed and the Budget Committee affirmation that there are funds in the college budget to support these positions.

This was followed by a vote from the College Planning Council members with each member be asked to rate on a sheet of paper the positions just presented. In calculating the vote, Counseling was rated #1 and Chemistry #2 with History and EOPS tying for #3. The results will be forwarded to President Mohr who will then make his decision and then report it to the campus giving his rationale.

This Agenda item will be moved to another meeting.

An update from Scott Lay, CEO for the CCLC on the State budget was given that included:

- 2010-11 budget will likely be flat, or flat with some growth dollars
- Prop 98 will likely begin growing in 2011-12 and for the next few years, but the state has $20 billion plus budget deficits in each of the next few years, assuming the governor’s proposed budget is enacted. The constitution will require more funds for K-12 and community college, while the state is unlikely to have the cash to meet the obligation.
- There is significant desire by the Legislature to promote reform in community colleges and fund outcomes, and we need to design a funding model that addresses that concern while upholding our values, or something worse will be done to us.

The site allocation for Cañada for 2010/11 is $11,962,442. This is 4.5% less of our previous allocation.

Reported that at their last meeting, the Safety Committee discussed the questions for a campus smoking survey. Proposed questions for the survey included:

- Are you aware that you cannot smoke within 20 feet of any campus building?
building?
• Which smoking policy would you support on campus?
  - Smoking is permitted in designated smoking areas located in areas away from building and main walkways
  - Smoking only in parking lots
  - No smoking on campus including parking lots
  - Other, please specify

Noted smoking at Skyline College is limited to their parking lots and that CSM have discussed doing the same. The Safety Committee would like to propose that Cañada also limit smoking to the parking lots. Discussion took place that included:
• having designated smoking areas on the campus rather than parking lots
• imposing consequences for smoking in non-smoking areas
• enforcing smoking policy
• making the campus tobacco free

A motion was made and seconded to allow the Safety Committee to make any modifications necessary to the survey questions presented without changing the meaning. The final survey will be emailed to the College Planning Council members for their review and approval.

3) DIVISION/COMMITTEE UPDATES
• ASCC – Spring Fling was celebrated today. ASCC have just had their election for 2010-11 with Darnell Spellman being elected as President.
