Student Services Planning Council Bylaws

I. Philosophy

Shared governance, or collegial consultation, is a transparent and inclusive decision-making process committed to the best interests of our students and our institution. It is a complex process of consultation that demands from faculty, administrators, classified staff and students a respect for divergent opinions, a sense of mutual trust, and a willingness to work together for the good of the College. Collegial consultation embraces the basic objective that all key parties of interest should be given the opportunity to participate in jointly developing recommendations and planning initiatives in accordance with its mission and strategic goals. Planning is an on-going and systematic cycle of evaluation, integrated planning, implementation, and re-evaluation intentionally designed to verify and improve the effectiveness by which the institutional mission is accomplished. Influenced by a culture of inquiry, the Student Services Planning Council (SSPC) uses analyses of quantitative and qualitative data to document achievement of student learning and a commitment to continuous improvement. Planning processes include staff, faculty, administrators, and students.
