VIRTUAL SUMMER PROGRAMS!

Learning Center & STEM Center News

The summer is here and the Virtual Learning Center is still available over the summer!

Come chat with us Monday to Thursday during our **Open Office Hours** and get the online support and resources you need to succeed during this summer!

Successful challenge	201	126	327
Unsuccessful challenge	288	224	512
Totals	489	350	839

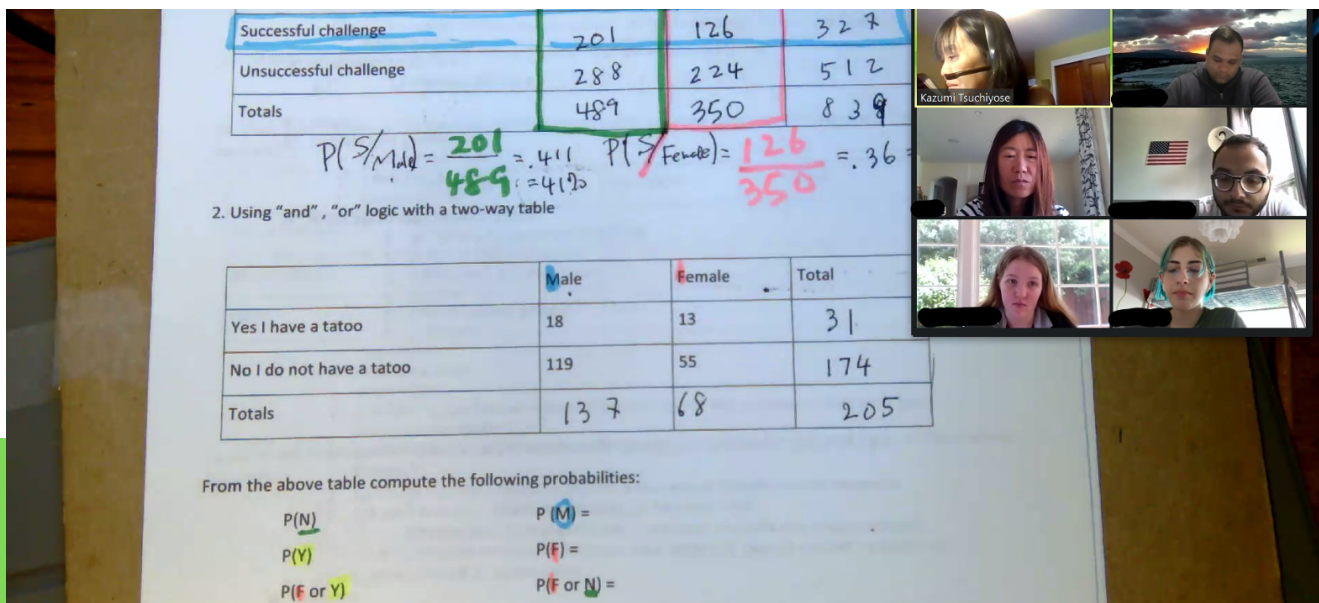

$P(S/Male) = \frac{201}{489} = .411$ $P(S/Female) = \frac{126}{350} = .36$
 $489 = 412$

2. Using "and", "or" logic with a two-way table

	Male	Female	Total
Yes I have a tattoo	18	13	31
No I do not have a tattoo	119	55	174
Totals	137	68	205

From the above table compute the following probabilities:

$P(N)$ $P(M) =$
 $P(Y)$ $P(F) =$
 $P(F \text{ or } Y)$ $P(F \text{ or } N) =$

CAÑADA STUDENTS WERE JAMMING THIS JUNE!

That's right, like a bad 90's SciFi thriller, Cañada Math Jam students took to cyberspace and really started their summer out STRONG!

Founded over a decade ago, this June marked the first ever completely online, completely virtual MATH JAM.

Over one hundred students participated, and it was an AMAZING SUCCESS!

With live sessions in all levels of math hosted three times daily, and new sneak peek online course content available 24 hrs/day there is something for everyone, and a fit for everyone's schedule.

Did we mention Math Jam is entirely FREE?

Hurry! Sign-ups are open now for the August MATH JAM and PHYSICS JAM. You don't want to miss out on this fantastic opportunity to get better prepared for your online Fall classes.

Click the link and visit our page for more information:
