Students, the Library needs your help!

The Cañada Library needs student input on our online collections. We are recruiting students to participate in a focus group on the library's online resources.

The focus groups will be held in the Cañada Library, BLD. 9, 3rd Floor. You do not need to have used the library's resources before to participate.

Dates and Times:

Monday, April 20th 12pm-1pm

Wednesday, April 22nd 6pm-7pm

RSVP preferred but not required

STEM 4 ECE STORYTIME WORKSHOP!

STORYTIME WORKSHOP

On Wednesday, April 8th, the library hosted Jan Pedden and Naomi Mier (from the Redwood City Public Library) who explained to students the benefits of applying science, technology, engineering, and math (STEM) into their interactions with the children they teach or care for.

STEM MAGIC ALL AROUND

Participants had hands-on opportunities throughout the workshop to learn how STEM can easily be taught to young children with everyday objects.

LET'S GO FOR A WALK

Naomi engages students on the endless STEM learning possibilities that can happen in storytime, daycare, preschool, or even a walk in the park.

HOW TO BOOK A GROUP STUDY ROOM
