## Spring 2024 Enrollment Up 36%

In a culmination of diligent efforts throughout campus, Cañada's enrollment is currently up 36% and headcount is up 42% compared to this time last spring! This includes a 205% increase for Dual Enrollment and concurrently enrolled high school students.

## Cañada Interior Design Club Community Service Project

The Cañada Interior Design (ID) Club has the opportunity to put their academic learnings into

practice by engaging with Puente de la Costa Sur, a nonprofit located in Pescadero. The team of approximately 12 ID Club volunteers is collaborating with Puente and will deliver a design plan that recommends: a new paint color palette, more efficient space planning, a revised kitchen layout, suggested furniture/materials and a landscape design.

The students presented their initial design concept which was received with big smiles! The team will meet again to hear Puente's feedback and desired direction and then reconvene in January to finalize the design deliverable. NOTE: The ID Club is not responsible for any costs/labor to implement the design plan. A detailed look at the initial design concept presentation is available [here](#).
