Notes: 1. Students are included if a) enrolled at Cañada in the given academic year (fall and spring terms) b) have earned 60 or more units in transfer-level courses in the district and have not earned 60 or more credits in transfer-level courses in the previous 4 academic years.

2. Counts of students are cumulative from within 1 year, after 2 years, after 3 years, and after 4 years.

For example, "After 3 years" includes students who transfer at 1, 2, and 3 years.

3. Due to data cleaning and dual enrollment at neighboring 4-year colleges, counts do not match number of students from table of unduplicated transfer-ready students.
