Services

By attending Staff meetings I have learned how to interact with students. I have also learned the importance of knowing all of the services we provide here at the center.

I think my strongest role in the office is being flexible with my schedule and not being afraid to help a fellow staff member when they need help. I also love being able to help students.

Time management

1. Creating a calendar on my ipad , has helped me.

1. Productivity Hack
Listening to music
Being in a quiet place

Leadership

My True color : **GOLD** : Efficient, organized & punctual

1. **Restorative** -finding what is wrong and resolving it.
2. **Includer**-accepting of others/make people feel included.
3. **Positivity**- enthusiastic
4. **Input**-craving to know more and collect information.
5. **Futuristic**-inspired about the future/ inspire others to vision the future

Community

Working in the Center for Student Life, has helped me improve on my communication skills. Also it has exposed me to opportunities like presenting at L.O.L

A social Justice issue I am passionate about is Immigration rights and family unification, no family should ever have to be separated by a border nor should a family for looking for a better and safe home for their family .

Engagement

1. Dream BIG !

1. It's important to live everyday without regret or limits.

1. I am a leader and my voice is powerful to make change.

I attended welcome week, Black Excellence, and Alliance day From these event specifically I learned a lot and they also inspired my creativity
