1. Call Meeting to Order
2. Land and Labor Acknowledgement -

We acknowledge that Cañada College is situated on the traditional unceded land of the Ramaytush (Rah-my-toosh) Ohlone (OhLOW-nee) peoples, and we respect our past elders and honor the present community. Long before Cañada College existed, this area was home to the Ramaytush Ohlone peoples, who still have a presence in the Bay Area today.

We have a responsibility to acknowledge that we as a Cañada community have benefited from the use and occupation of this land and that the tragic legacy of colonization, genocide, capitalism, racism, and oppression still impacts people today.

We also recognize the labor upon which this educational institution, state, and country is built. We acknowledge the peoples of African ancestry who were enslaved and forcibly brought to this land, and whose forced labor played a major role in the formation of this country. We are indebted to their uncompensated labor and their unwilling sacrifice over hundreds of years—which continues to impact generations today. We honor the legacy of the African diaspora and the continued contribution of their survivors.

We acknowledge the contributions of all immigrant labor, forced labor, and undocumented people who contributed, and continue to contribute, to the building and feeding of this land. We acknowledge their immeasurable sacrifices and work that allow us to gather in this space today.

Let us not forget. Let us honor and engage with the people who have stewarded and labored on this land for generations, and let us honor these truths—by taking responsibility as a college community to continually educate ourselves about these realities, to affirm our commitment to justice through continual action, and to protect and sustain this land.

6. Activating and re-Activating a Club

REACTIVATING CLUBS

- **Chem Club:** We provide a space for everyone interested in chemistry to have a place to safely explore the field. We do this by reading scientific journals create planned study

spaces to support all students learning from General Chemistry 1 through Organic Chemistry in person and virtually. Plan chemistry experiments and learn the scientific process hands-on. From the inception of an idea, research, proposal, financial, safety, execution, analysis, and presentation. Connect students with mentors from various STEM businesses and other teaching and research facilities.

- **Future Business Leaders of America (FBLA):** Future Business Leaders of America (FBLA) is a student-led organization dedicated to preparing members for careers in business through academic competitions, leadership development, and community engagement. The FBLA Club at Cañada College aims to empower students interested in business, finance, entrepreneurship, and marketing by providing hands-on learning opportunities, networking connections, and career skill-building events. Our purpose is to expand resources for business students by hosting workshops, guest speaker sessions, and mentorship programs that enhance professional development. The club also helps members improve essential job skills such as communication, leadership, teamwork, and interview readiness—equipping them to succeed in internships and future careers.

NEW CLUBS

- **Students for Revolution and Liberation:**
 - This is a multi-issue rather than single-issue, marxist/socialist club. This is a non-sectarian club, open to all tendencies and strands of thought that agree with the following THREE Main points of Unity:
 - 1) Class Struggle: We recognize that all oppression in capitalist society (including racism, sexism, homophobia, transphobia and other forms of bigotry) are fundamentally rooted in the exploitative capitalist structure and can not be reconciled under capitalism meaningfully.
 - 2) Anti-Imperialism: We oppose all wars waged by the US and its allies.
 - 3) Political independence: We organize independently from capitalist and imperialist parties and politicians.

7. New Business

- **Umoja Club \$500:** It's a movie night for educational purposes. \$400 - \$100 provided by the club
- **Pickleball Club \$80:** Middle College students gather to play pickleball in the Kinesiology Building weekly. We will purchase approximately 8 to 12 paddles/ balls to supplement Wellness Center's supply of paddles

8. Special Presentations

- ASCC is going to be doing a Halloween event, where 6 clubs will be able to table (and help) and also dress up in their costumes. The event is meant to allow for clubs to table, we would like that you each have

9. Open Forum and Feedback.
