Getting Prepared for UC Campuses:

- Complete 60 transferrable units by the end of Spring term for Fall admission, and by the end of summer term for winter or spring admission that must include:
  - Written Communication
  - Critical Thinking /Second year of English
  - A UC Transferrable Math Course
  - Pre-requisite courses for your major (see Assist.org and plan the courses with a counselor)
  - General Education: 7 course GE Pattern or Completing Intersegmental General Education Transfer Curriculum (IGETC) - IGETC is not required for admission, but some UC campuses and programs require completion of 37 units of IGETC.

**Note:** It is recommended not to complete IGETC for the high unit majors such as Engineering. There is also IGETC for STEM programs that only applies to Biology, Chemistry, and Environmental Science programs.

- Earn Minimum GPA in Transferrable courses:
  - Minimum GPA of 2.4
  - Minimum of 2.8 for non-residents

**Note:** the GPA requirements depends on the average GPA of applicants’ pool of that year. The average GPA of admitted students varies but it usually between 3.0 to 3.5.

Advice:

- MEET with a counselor to plan your Transfer path
- Follow the major course requirements listed in www.ASSIST.Org
- See UC Pathways Guide for a set of courses that applies to all UC campuses for your major: pathwaysguide.universityofcalifornia.edu/college-pathways/0/0
- Attend the Transfer Center Workshops
- Start your account with UC campuses through Transfer Admission Planner (TAP) as soon as possible: https://uctap.universityofcalifornia.edu/students/index.cfm
- Start your admission application early to submit it to UC during the application period: October 1st to 30th
- Be on time - file your application before the deadline: November 30th at 11:59p.m.
- Follow up with the UC requirements and the instructions before and after submitting an application

Selective major = programs that require additional/specific admission requirements.

Elective courses = any transferrable course beyond the major and GE requirements that are transferrable to UC

Transfer Admission Planner (TAP) is a tool to use to complete TAG and UC general application. The planner helps students track their progress toward meeting UC’s minimum requirements, and allows UC staff to communicate important information to prospective transfer students.

UC transfer Pathway offers a single set of courses you can take that will transfer to any of UC’s nine undergraduate campuses.

Pathway+ better prepares your for admission. This is where you follow the UC pathway and UC TAG requirements, (note that only 6 campuses offer TAG).
# Intersegmental General Education Transfer Curriculum (IGETC) 2022-2023

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills the lower-division general education requirements for most University of California (UC) and all California State University (CSU) campuses. IGETC is also accepted by some private/independent or out-of-state universities. There are instances when a Canada course is approved for IGETC but the same course at CSM or Skyline is NOT approved for IGETC (or vice versa). Check with a Counselor for complete information.
